To

All Office bearers and the Secretaries General
of Constituent Organizations

Dear Friends,

May Day Greetings to all

" But, if you think that by hanging us, you can stamp out the labor movement – the movement from which the downtrodden millions, the millions who toil and live in want and misery – the wage slaves – expect salvation – if this is your opinion, then hang us! Here you will tread upon a spark, but there, and there, and behind you and in front of you, and everywhere, flames will blaze up. It is a subterranean fire. You cannot put it out".

August Spies, 31, on August 20, 1886. One of the leaders hanged in Chicago, USA.

Dear Sir,

The Confederation of Central Government Gazetted Officers Organisations on the occasion of the International Workers Day conveys its Greetings to all the Gazetted officers in the Central Government who struggle for the fulfillment of their basic need of the Grievance redressal machinery through their respective associations.

May Day is a landmark in the workers' struggles all over the world, since 1886. The demands made by the migrant workers in Chicago are still relevant. Their struggle continues even today for stable work with rights, social security, free health care and education- dignified life. Like the migrant workers, who had gone to the USA for work in those days, nowadays lakhs of Gazetted Officers in India, need to intensify their struggles against the bureaucratic barbarity, for better pension, for better work environment, for better minimum wage, for better fixation benefits, for better allowances and for better working hours with their active participation in their respective Associations.

Our struggle for the rights of Gazetted Officers is chained to employees'

struggles for a better life, work environment, minimum wage, allowances and dignity. Better Health and Better Education for us is a tool for the improvement of society, whereas the Governments and the economic mechanisms see it as a merchandise and a field to ensure to the capitalists more profits.

This year is marked by the sharpening of the intra-imperialist antagonisms which calls for greater intensification of the exploitation of the peoples, as well as the danger of a generalized war. The workers all over the world are worried about the aggressiveness of the finance Capitalists who in order to gain new markets and rob the natural resources of the countries, are bombarding the common peoples of developing world.

These intra-imperialist antagonisms result in deteriorating the financial situation of the workers and the pensioners. There is a generalized cut in salaries and pensions, privatizations of social security, public health and education, increase of unemployment, and restrictions of trade union freedom. In this general picture the working class and the peoples are readying for the celebration of the May Day 2017.

On the occasion of the International Workers' Day, CCGGOO invites Gazetted Officers Associations and its members, to strengthen the struggle against the causes that perpetrate inequality, anomalous wage system, overburden of the Work, Secondary Citizen Treatment affecting our self respect. To build strong state Level CCGGOO a united front for struggle in every State, every Office, in every district is needed. Gazetted Officers must unite their forces to empower their voices, with tenacity and determination to walk the road paved by the workers in Chicago in 1886.

The CCGGOO calls on its affiliates and friends in every corner of this great country to honour the International Workers' Day with every means and in every possible means, to unite their voices into a unignorable roar. In 2017, let us make the CCGGOO is stronger, with new forces, new affiliates, but above all with its resolutions.

We, the CCGGOO are organizing our common actions in every states of this great country, for the emancipation of the Gazetted Officers, for the struggle for our rights and needs and against the exploitation system that provokes poverty, wars and refugees.

The Gazetted Officers' enemies are not invincible. Invincible are the struggling Gazetted Officers.

Yours Fraternally,

**S.Mohan
Secretary General**
